** Contactless donation products can be sold at zero VAT rate under VAT Notice 701/58 to eligible charitable organisations. Note, monthly service fees are not eligible for zero VAT rating.*

Additional Information

- To avoid queues, we recommend 1 DCP per 50 donors present with an accompanying stand.
- 3 + DCP orders are eligible for discounts, just ask.
- For internet access, the DCP v3 (WiFi & 4G) model can connect to both WiFi and 4G. For 4G use, a data SIM is required. Data SIMs need to be purchased directly from mobile networks, the monthly operating cost of a data SIM is approx £3 - £5 (inc VAT) per month. We can recommend good 4G coverage network options once an address is known.

Monthly Service

We charge a monthly service fee per DCP to cover all support (phone & email service), regular software updates & maintenance. There is no contract; you can pause or stop anytime. We simply require a calendar month's notice.

Dona Monthly Service	Price (including VAT)
Per DCP	£15

Transaction Fees

We offer market-leading low transaction fees. A card processing fee per transaction applies to all payments, which is charged by our payment processor, Stripe.
