'6x4' ft – double-sided wall	dimensions 1830h x 1220w x 400d mm
'6x4' ft – double-sided wall	dimensions 1830h x 1220w x 400d mm

Walls are secured using breeze blocks that are transported with the walls, the ballast weighs approximately 114kg total per wall on the basis of 6x breeze blocks per wall. This is dependant on the total ballast required for the artworks on a case-by-case basis.

Example photographs of the walls in use

Eulalia Clarke
The Fish Merchant

CAN YOU IMAGINE YOURSELF IN THIS SCENE?

Here we see a crowd enjoying fish and chips as they listen to the preacher in Cenny Island, Essex.
