

Chair of District: North West England

The North West England District is calling for a new District Chair to join our team from September 2027.

The District stretches from the Solway Firth to the Wirral, with rural, urban, city, and post-industrial cities and towns being surrounded by coastlines to the west, the Lake District National Park, and the Pennines to the east. Our geographic diversity is matched by our theological, economic, and social diversity – meaning that this Region is a place where everyone can find welcome, inclusion and a home.

The new North West England District Chair should:

- be an experienced senior leader
- inhabit a collaborative, creative, and inquisitive leadership style
- empower, equip, and enable others to fulfil their role in the team

We look forward to receiving nominations and applications from those who feel called to come and join us on God's journey across our diverse District, and to lead our team into God's vision for our present and future.

Further documents and details can be found on the North West England District website.
