Summary of Content

| | |
|--------------------|---|
| Subject and Aims | <ul style="list-style-type: none"> • To raise with the Councils the issues of declining engagement with children and young people • To consult on why that engagement is less effective than it used to be • To engage the Councils in the context of children and young people in 2010 • To examine case studies of successful work both denominations are engaging in |
| Main Points | <p>The following paper is an information sheet to provide background to the discussion.</p> <p>Presentations will be made to the Councils of other material, including the showing of a DVD. The sessions will involve case studies, group work and buzz groups.</p> |
| Potential outcomes | <p>The Councils might wish</p> <ul style="list-style-type: none"> • to commit both denominations to the crucial work of re-engaging with children and young people in Britain through the widest variety of media and other means; • to commit both denominations to do those things together that they are able to do, and to seek continually new areas of co-operation |

WHICH WAY NOW?

Engaging with children
and young people

For the first time there
are more people over
65 than under **16**
living in the UK

1/5

Children & teenagers make
up one fifth of the total
population

4 million
children live in
poverty in the UK
today

1 % of people in the
UK control
25%
of the wealth

Over **8 million** children in the UK have access to the internet
76% of parents don't have rules about what their children can
do on the computer

Children comprise **3.1%** of the prison population
Each year **one in three** 10-15 year olds
will be a **victim** of a **crime**

There are **116** active mobile phone contracts for every
100 people living in the UK

Over **90%** of teenagers own a mobile phone

30% of all households are single people living alone
The average family size has fallen from **5.8** children in
1950 to just **1.5** in **2010**

Traffic is the biggest single cause of
accidental death for **12 to 16**-year-olds
The second most common cause of death among **15 to 24** year
olds is **suicide**

In 2009 "The Good Childhood Inquiry" concluded that the
"**excessive individualism**" of adults was damaging
our children

More than **1 in 10** young people feel that life is meaningless
