Additions to the City Centre List

Under the provisions of SO 440(1)(a) Manchester Central Hall has sought to be included on the official city centre list in accordance with the guidelines approved by the Conference. The District Synod is supportive of this and under the provisions of SO 440(1)(a) now consults the Council. The Connexional Team, in light of the consideration the Council gave to this list last year (MC/18/20) and the policy approved by the Conference, recommends that the Council agree to this request.

***RESOLUTION

61/1. The Council receives the report and agrees to the inclusion of Manchester Central Hall on the City Centre List.
